The National Association of Specialty Pharmacy (NASP), a 501(c)(6) trade organization, is the only national nonprofit association representing all stakeholders in the specialty pharmacy industry. The mission of NASP is to elevate the practice of specialty pharmacy by developing, delivering, and promoting continuing professional education and specialty certification while advocating for public policies that ensure patients have appropriate access to specialty medications in tandem with critical services.

NASP provides an online education center offering accredited continuing pharmacy education programs, hosts an annual meeting that offers education sessions and continuing

education credits, and is the only organization that offers a certification program for specialty pharmacists. NASP members include the nation's leading specialty pharmacies, pharmaceutical and biotechnology manufacturers, group purchasing organizations, patient advocacy groups, integrated delivery systems and health plans, technology and data management vendors, wholesalers/distributors, and practicing pharmacists.
