

The National Association of Specialty Pharmacy in partnership with Formulary Academy is pleased to offer

## Formulary Academy Subscriptions

- NASP corporate members** receive FREE Formulary Academy subscriptions. The number of licenses is based upon corporate membership level. To obtain your licenses, please send email addresses of the individuals\* you would like to receive licenses to: [info@naspnet.org](mailto:info@naspnet.org).
- NASP individual members** who purchase a one-year subscription will receive a second year FREE\*\*. Please contact NASP at [info@naspnet.org](mailto:info@naspnet.org) if you are interested in purchasing a license.
- Formulary Academy is a web application which automates much of the drug monograph creation process. Monographs are automatically populated with current and accurate content from reputable sources such as the NIH, PubMed and the FDA. Formulary Academy also helps you stay current via real-time updates on new product approvals and label changes and assists with the creation of clinical education tools for your specialty pharmacy staff.
