

NATIONAL ASSOCIATION OF
SPECIALTY PHARMACY

Corporate Member of the Month

June 2021

Company Name: PerformSpecialty
Located: Orlando, Florida
Number of Employees: 85
Type of Business: Specialty Pharmacy

What is your organization's mission and vision?

PerformSpecialty's mission is to provide unprecedented access, outcomes, and personalized care to all our specialty patients through meticulous oversight and individual attention.

How does your organization impact the specialty patient care journey and help put the *special* in specialty pharmacy?

PerformSpecialty understands that patients using specialty drugs require attention above and beyond standard pharmaceuticals. Each patient works with a Care Manager who, along with the prescriber, creates a program to treat each condition individually and works to involve the patient in his or her own health.

How does your organization define success?

PerformSpecialty characterizes successful treatment by creating a synergy between payers, patients, prescribers and the pharmacy to ensure that each component of the specialty treatment process translates to positive patient outcomes.

What else would you like people to know about your organization?

Our health system employed couriers use environmentally friendly, reusable coolers to deliver temperature sensitive medications directly to the patient.

Who and how should other NASP members contact you to learn more about your organization?
