

NATIONAL
ASSOCIATION
OF SPECIALTY
PHARMACY

Technology Committee

Mission:

The mission of the Technology Committee is to demonstrate the value of the evolving and increasingly important role that digital health technology plays in the current healthcare delivery system, to promote data connectivity, integration and management through the establishment of defined specialty pharmacy code sets and file standards that represent clinical and operational functions involved in the delivery of specialty pharmacy care, to educate on technology best practices to all specialty pharmacy stakeholders, and to advocate for interoperability between stakeholders and technology vendors consistent with the mission of the organization and the needs of the membership and the patients we serve.
